

## Fixing material

### Track holding clamp

**Material:** Steel, galvanised  
**Use:** for mounting the rail

30

40

tol. load	P (kg)	63	100
Width of bracket b (mm)		84	112
Hole spacing	a (mm)	60	80
Order No.	without mounting	NO 23220	NO 24152
	with square nut	NO 23222	NO 24154
	with nut + bolt	NO 23223	NO 24156

### Track holding clamp + connector for welded connection

**Material:** Steel, bright  
**Use:** Small parts, galvanised for welded connection or special attachments for self-construction.

40

Length of bracket	l (mm)	50	50
Length of connector	l (mm)	100	125
Order No.	Bracket	NO 23224	NO 24120
Order No.	Bracket	NO 23232	NO 24140

### Track holding clamp + connector

**Material:** Steel, galvanised  
**Use:** for mounting and connecting the rail

30

40

tol. load	P (kg)	160	250
Length of bracket	l (mm)	50	50
Length of connector	l (mm)	100	125
Width of bracket b (mm)		80	110
Width of connector b (mm)		80	110
Hole spacing	a (mm)	60	80
Order No.	Bracket without mounting	NO 23225	NO 24121
	with square nut	NO 23226	NO 24122
	with nut +bolt	NO 23227	NO 24123
Order No.	Connector without mounting	NO 23228	NO 24141
	with square nut	NO 23229	NO 24142
	with nut +bolt	NO 23230	-
