

Body Color RAL 5015

Pegboard Color RAL 5015

Product Description

Workbench models are suitable for use in all types of working environments, including assembly, maintenance, technical service, production, and R&D areas.

Product Advantages

Long-type workbenches with 3 drawers can be customized with functional features based on intended use, offering the most efficient and practical working environment.

The demountable design of the workbench models provides ease during transportation and installation.

Optional features such as drawer cabinets, fluorescent lighting, and electrical panels can be added upon request.

The tabletop surface can also be customized with 2 mm black PVC, galvanized sheet metal, or stainless steel coverings, depending on user preference.
