| | 8053 -MOBILE WORKBENCH WITH 2 CUPBOARD AND 2 DRAWERS | 27.06.2025 |
|  | Body Color | RAL 5015 |
| | Door Color | RAL 5015 |
| | Product Description | <p>This product is used in production and assembly lines for the transportation, storage, and assembly of auxiliary materials.</p> <p>Product Advantages: Thanks to our mobile workbench, which includes one drawer and one shelf with a cabinet, medium-sized materials can be transported within production areas without physical strain. At the same time, it allows for the storage of relevant spare parts and hand tools. The number of drawers can be increased upon request, and the tabletop can be optionally covered with PVC, galvanized sheet, or stainless steel. With the built-in fluorescent light and electrical channel, the unit can also be used as a mobile workstation for small-scale assembly and quality control tasks.</p> |
| | Technical Specifications: | |
| | Height | 920 + 1050 mm |
| | Width | 1120mm |
| | Depth | 570mm |
| | Design | Welded |
| | Material | Dkp Sheet Steel |
| | Coating | Electrostatic Powder Coating |
| | Paint Thickness | 70-80 microns |
| | Maximum Total Load Capacity | 300kg |
| | Number of Shelves | 2 |
| | Shelf Material | 1,2 mm Galvanized Sheet Steel |
| | Shelf Height Adjustment Increments | 50mm |
| | Weight | 115 kg |
| | Lock Type | Central Locking System & Espagnolette / Two-Point Locking System |
| | Product Type | Mobile Workbench |
| | Body Specifications | It is manufactured from 1 mm thick DKP sheet metal using the spot welding method |
| | Door Specifications | It is manufactured from 1 mm thick DKP sheet metal using the spot welding method |
| | Hanger Panel Specifications | Manufactured from 1 mm thick DKP steel sheet. |
| | Drawer Specifications | The drawer body and back are manufactured from 1 mm thick DKP sheet metal, while the drawer front panel is made from 1.2 mm thick DKP sheet metal. |
| | Body Color | Ral 5015 |
| | Door Color | Ral 5015 |
